

Spring Lake Michigan

PUBLIC WORKS DIRECTOR

The Village of Spring Lake and Spring Lake Township are seeking an experienced public works professional to lead our shared Public Works Department. This is a dynamic collaboration between two municipalities. Our current staff includes 7 full time and 10 part time and seasonal employees. The Public Works Director is appointed by and is responsible to the Township Manager with direct input from the Village Manager.

The successful candidate will be responsible for the overall management of Public Works operations and personnel including streets, water distribution, wastewater collection, facilities maintenance, motor pool, and parks. In addition this individual will be expected to be confident in presenting to either the Township Board or Village Council.

A Bachelor's Degree in business, public administration, civil engineering or a related field is preferred. Seven or more years of management and coordination experience is desired as well as proven supervisory skills. Preference will be given to individuals with current MDEQ water distribution and sewer collection licenses.

Applications and a complete job description are available at the Township Office. Please submit your resume and three professional references along with a completed application to Spring Lake Township Clerk, DPW Director Search, Spring Lake Village Hall, 101 S Buchanan Street, Spring Lake MI 49456. Salary will be determined commensurate with experience and education. Anticipated starting salary \$70,000. Application deadline is 4pm on May 24th.
