

ADOPT A GARDEN PROGRAM VOLUNTEER APPLICATION

Name _____

Address _____

Home Phone _____

Cell Phone _____

Email _____

What inspired you to adopt a garden?

What experience do you have gardening? (No experience is required!)

What special ability can you bring to a garden? (Remember: "Love of wildflowers" or "Like to get my hands in the dirt" both count!)

Adopt a Garden Volunteers will help plant Michigan Native Wildflowers in existing Spring Lake Village gardens, water plants while they are getting established, help perform routine maintenance during the growing season, and collect seeds in the fall for use in future gardens. Attendance at a celebration at the end of the growing season is optional.

Return application to Mary Paparella at Village Hall, 102 W. Savidge St., Spring Lake, MI 49456. For questions, contact Darcy J. Dye (296-0957) or Dr. Sylvia Russett (842-0951).
